## JUNIOR

2019 Brown PONY Gelding

*Consigned by JM Ranch*

Junior is a 12'3 hands coming 4 year old pony gelding. He was used this summer in the pasture and feedlot working, penning and sorting cattle by the kids. He may be small but he has snatched down 600 pound yearlings like they was nothing. Good trail pony and goes where and through anything you ask him to. Great prospect for breakaway, healing and tiedown roping.

# Lot #4

## DAISY

2009 Sorrel Mini PONY Mare

*Consigned by Lacey Richards*

Easy is a 36" tall mini pony, and 13 years old. Used in lead line events but will ride off alone too. My kids love to build jumps in obstacle and ride her through. She doesn't mind a row and will even drag a dummy around. Daisy tolerate anything cow-kids can come up with, and she has a beautiful mane and tail.

## **GUAPO**

2013 Black Mini PONY Gelding

*Consigned by Diana Diaz*

Guapo is a 9 yr old mini pony that has an amazing handle, don't be fooled by his size he can do what a big horse does. My son used him to pen our calves, and nurse cows, he also helped push bigger bulls in the pen, or the Arena. Also he does great when checking the fences, and looking for lost calf in the pasture. He is one of a kind Pony. He is the perfect Christmas gift for that little cowboy or cowgirl that has experience! Stands 32"

## MOHAWK

2016 Black Tobiano PONY Gelding

*Consigned by Kalyn Butler*

Mohawk is a really nice all around Pony. He is fresh off of 60 days training on cattle, poles, and riding out in the pasture and on the road. He's roped steers and has a good start on poles.

Just started on Barrels. Nothing fazes him. He's got a good mind and a pretty little head to match. He has been ridden by multiple riders and performs the same with any rider. Mohawk has a very nice stop and turns around good. Would make a good goat tying pony. His ground manners are spot on. Stand for the Farrier and a bath. Load right in the trailer and will stand tied all day. Mohawk is ready to go in any direction as in every day pleasure ride or to compete in youth rodeo or play days. At 13 hands your child will have a very good pony to ride for many years. Mohawk is easy on the eyes, calm without a pony attitude, athletic and smart all in one flashy package. Look him over. You'll like what you see.

*Consigned by ACLE Marie Holden -agent*

We have enjoyed Moon Night being part of my grand daughter and I weekly evenings of riding, and weekends of trail riding fun!!! Gentle, will go for the bigger kids with a nice lil lope, and stay at a walk and trot for shorter legged kids. He will open and shut gates, help push cattle with the grown ups, go through creeks, puddles, and rough country. Perfect size, small enough for the kids, big enough if need to be rode by smaller adults like me. We have rode him bareback, and down the trail a bunch. Great to clip, trim, bathe, trailer, and will tie quiet. Lots of years of fun for the whole family!

## SUGAR

2013 Red Dun Mare

*Consigned by Gerardo Mujica*

Looking for your next kid horse? Here she is her names is Sugar, she's 9 year old, and stands 15 hands. I've had her for a year and 4 months. She has no buck what so ever. Been tracking the sled dummy and on live cattle. She be a great heel horse. Wish I could finish her on that.

NO spurs is needed for this gal, she responds good to everything, but can use them if you want. Has gone out the box a few times and will drag her butt at the throw. Doesn't get hyper in the box neither. She neck reins and will go through anything. Sugar will walk right into your house if you let her. Doesn't matter what it is she will go through thick brush, traffic, creeks. Can go swimming with her bareback. We have gone camping for a few days and hunting. She drags pigs out of the brushes not scared of blood. She's the kind of horse that's not gonna leave you in the middle of no where. She's also easy to load, been loaded with 6 other horses side by side in a cattle trailer. Good to shoe, tack up, groom and shower as well. She knows how to lay down sit on a big ball/beanbag. Throw kisses or smiles I call them kisses. Shake her head yes and no. WATCH her YouTube video <https://youtu.be/Ktb9CfV9wjg>

## HEY YOU DOC FOSSIE

2011 AQHA Gray Gelding

*Consigned by CS Performance Horses*

Pepper is as handy as the pocket on your shirt! He has been used extensively on the ranch! He is finished head horse as well! Pepper runs hard to cattle, faces hard and scores like a rock! He has been hauled to jackpots and rodeos and he is all business. We enjoy riding him outside as well! He rides out with confidence, crosses bridges, creeks, the teeter tooter, by the highway and anywhere else you ask. Pepper rides with a true one hand neck rein, has a rocking chair lope, smooth jog and ground covering extended trot. We really enjoy this guy and know you will to! He is a gentleman on the ground, loads right up in the trailer and stands tied without a fuss. Pepper stands to be bathed, saddles up gentle no matter how long it's been and is just honest and easy going no matter what your plan is for the day! If you need to put in a day's work, he knows how to do that, if you want to enjoy a relaxing ride, he's going to enjoy it right with you! We can't say enough good things about him! We have introduced him to pushing the big ball around the arena, tarps and started shooting off him! We are the SECOND owner of Pepper we bought him of the man that raised, trained and done everything with him! He has been very well taken care and in the hands of a good horseman! Pepper is soft in the bridle, low headed, side passes, pivots around himself and lopes out from a walk. Current on shoes, worming, dental and coggins.

2012 AQHA Buckskin Gelding

*Consigned by Sandy Smith*

If you're looking for a horse that looks like one that comes out of the movies, King is as close to looking like it as you'll find! King is a stout AQHA, buckskin gelding that's 14.2 hands and just a young 9 year old. King is one hand broke and been used in the rough country. He is cautious, careful and easy going in all kinds of terrain. This gelding has been through the stock yards and was an eye catcher that everyone had to stop and pet. He has been to some sortings and handled everything we've thrown at him great! We have also started him on the smarty, he will come along nicely on the heel side! If you're looking for a fun using gelding or something to just ease on down the trails or maybe even go ride on some beaches somewhere (he loves the water) King is the guy for it. King ponies another horse and is a good horse to be ponied. Will go anywhere pointed and will go with or away from a group of horses no issues. Easy to be around on the ground as he's a gentleman with manners. Stands great for farrier, bathes, bridles, tacking up, and mounting.

## SV MS DOCS CAT

2015 AQHA Bay Mare

*Consigned by Karen Reese*

Cat is a super handy broke mare that we have ranched on in steep country in Wyoming. She has gathered, sorted, shipped cattle, and works the gate with a light touch. Great cow/speed cross, this mare would make a jam up heel or breakaway horse. Has had a rope swung on her, has speed, power and brakes. Cat is an easy mare to ride, comfortable and soft and has all the basics, hard work is done! Pretty nicely bred mare with a baby doll head. Ready for a new job or take her back to the ranch for a solid ride. Stays broke and gentle with time off, leads, clips, loads, ties all day and has been hauled to a million ranches in Wyoming and South Texas.

## KIDDIN BLUE EYES

2018 APHA Sorrel Overo Stallion

*Consigned by Gerardo Mujica*

The time has come to find my head horse/coming heel horse a new home. I've had him for a year and 3 months now. Born February 11, 2018, Registered to APHA, almost at 16 hands. Never bred before I've never tried him. Plenty of life ahead of him. I floated his teeth beginning of January. Kiddin Blue Eyes is extremally cowy, will bite them on the butt when tracking or pushing them down alleys. While you're on him or on a lead line. Anyone can ride him, beginners are good on him. Easy to load, shoe, saddle, maneuver around, side passes. He's helped me train colts in the round pen and outside. He is a stallion so he can act funny sometimes around other horses but not all the time he is quiet for the most part though. I can lead line him while riding a mare and he wont act up, He's a respectful horse for sure. If he be gelded he would humble down a lot more. Gone threw streets, traffic, camping, crossed creeks and mountains with him. He's a blast to ride love this dude. Can let him go in the pasture he will come back when feeding time. He can have an attitude when it comes to feeding time but that's it.

Smoky is 15 years old stand 14 hands Appaloosa/ Quarter Horse cross gelding. He has good overall experience in the following areas. Barrels, poles, goat tying, straight away barrel, some mild breakaway roping, and day working cattle. We used him to cut and sort cattle in our cow calf operation personally. Smoky competed in a full series playday this past summer, and went to several other playday events and competed very well. He has great potential to be finished in any direction with all of his experience or he can be a pleasure rider as well. He loads and unloads easily, with no trailering problem. Never had shoes on him, he stands well for the Farrier, who trims him every 6 to 8 weeks.

2014 Bay Tobiano Gelding  
*Consigned by Kristen Ewing*

Stands 15'1hh. 8 year old HEAD Horse. The definition of Bomb-Proof, CHEIF will do anything you point him towards. I purchased him for my husband who was looking for a Head Horse to practice on. My husband was a beginner and we were looking for something that had a great temperament, and spooked at next to nothing. When I started riding him, I realized he has the ability to do almost anything. So I basically did everything with him from carrying the flag in rodeos, did Parades, Rode into town, Team penning, Drill team, Trail riding all over, and Hunter Jumper (3'). I would absolutely recommend this horse for anyone. He has more woah than go but has a large stride and will open up when asked. He's great with other animals & kids. Will ride out by himself or with other horses. No kick or bite & picks up all of his feet and holds them so you don't strain your back!

## ODIN

Odin trailers, stands nicely for the farrier for shoes or trims, ties, and enjoys being groomed and bathed. He is the sweetest gentleman on the ground. He has trail ridden all over Texas and Oklahoma, and went to the chuckwagon races last year in Neches. Climbs mountains and crosses streams like a champ. While not a sorting horse, he isn't afraid of cows or a rope being swung off him. He has strong, diamond hard hooves and goes barefoot unless we are trail riding in extremely rocky terrains. He has dabbled in trail obstacle courses, small jumps, and beginner dressage. He is built like a tank and has ground covering gaits, and would be best suited for an intermediate rider. Stands 15'3 hands

## MARLEY

2009 Red Roan Mare

*Consigned by Karen Reese*

"Marley" is a beautiful, 15hh strawberry roan registered 13yo mare that had her registration papers lost by the elderly gentleman that owned her previously so we are selling her as grade. She is a lovely trail mare, steps out nicely, no spook, absolutely no buck even after years of turnout. Marley is 100% sound with clean legs and wind. She will go all day and enjoys the trail riding life. She is easy to catch, load and haul, shoes, clip, tie up and is 100% gentle for anyone. No buck! Never tight or cinchy. Marley is gentle and quiet but not a horse you have to flog to make go. She steps out with a nice traveling walk. Marley is a dependable, beautiful riding partner. Has been ridden by kids and adults.
