Washington County Livestock Center / Washington County Internet Sales

Internet Terms of Sale

Washington County Livestock Center / Washington County Internet Sales acts as agents only.

No guarantees can be made on any of the following:

- “No Sales” must be announced by seller PRIOR to the end of the next lot sold.
- Without notification, lot will be considered SOLD to HIGHEST bidder
- Any and all announcements will supersede catalog or supplement sheets
- Cattle not delivered within discussed time frames are subject to penalty (unless other arrangements have been agreed upon between buyer and seller). WCLC/WCIS will add two pounds per day to base weight AFTER second day past scheduled delivery date. For example, Delivery date scheduled for August 10-15, buyer has until August 17 to pick up cattle. After that adjustments to base weights will be made accordingly.

WCLC/WCIS will work in the best interest of the seller to renegotiate any breach of contract.

Information for Lot #67

Baker/Hash Bred Heifers

If you're looking for an opportunity to buy a set of **Premium Quality, AI Bred** heifers here they are. These heifers are the best of the best, in my opinion with all the up-front work already done. These were 300 head to start with and sorted down to the top 200 head and then were pelvic measured, trachea scored, calf hood vaccinated and EID buttoned 30 to 40 days before breeding. These heifers were synchronized and AI bred on May 18 through May 20. The bull is Yon Discipline REG# 20403242 and his CED #19 birthweight EPD is minus 2.4. We are offering the buyers to pick out of all confirmed AI bred heifers. These heifers will be checked by ultra sound on Aug. 20 by Dr. Mary Tomlinson of Cresthaven VET Services in Galax, VA. Dr. Mary has done all the herd management work on these heifers since the beginning so if you have any questions on any protocol feel free to call her at 276-233-4379. These bred cattle will be **sold by the head**
